DEAN WORTH
FACULTY OF EDUCATION

THE DEAN'S MESSAGE

The members of this year's graduating class have experienced a number of adjustments in the preservice preparation program to enable them to meet the 13 week practicum requirement for initial certification as a teacher in the province of Alberta. This extended practicum has provided an opportunity to apply and to enrich the knowledge learned in other courses in the program. It has also helped them to sharpen their planning, communication and inter-personal skills which contribute to effective teaching and learning.

They are about to embark on the next phase of their professional growth - orientation and induction to a teaching position. This will be a period of rapid learning, adaptation and growth in professional competence. To maintain and enhance this level of competence in subsequent years will demand their continuing involvement in activities intended to keep them abreast of new developments in knowledge and skill areas, and in tune with the needs of their pupils and the expectations of society. Thus they will never be able to give up the role of "student".

Our best wishes for an enjoyable and successful career go with each of them.

W.H. Worth

HEESA - Brenda Kent

SESA - Jan Wilhelm

SESA - Valerie Gaetz

The 1981 Education Students Association Yearbook Committee was organized in January. Members from each Education Specialist Association were encouraged to contribute to the project. The main objective of the task was to record the activities of the 1980-1981 year and in the process involve as many students as possible. I am sincerely grateful to Barbi, Jan, John, Judy, Kathy, Tricia, and Valerie for their help and enthusiastic support. The committee hopes the yearbook contains memories which will be treasured and cherished throughout your lifetime.

May I take this opportunity to express the best of wishes to my fellow students in all future endeavours.

1981 GRADUATES

MESSAGE TO THE GRADS

RECIPE FOR EDUCATION

1 cup of thinking	1 tablespoon of borrowing
2 cups of dreams	2 cups of good books, lectures and teachers
2-4 years of youth	1 1/2 cups of health
3 cups of persistence	1 cup of plans made and followed through
1 tablespoon of ability	1 cup of cooperation

BLEND: the thinking and the dreams

ADD: the years and beat until creamy

SIFT: persistence and ability together and add alternately with cooperation, to the first mixture

ADD: borrowing, books, lectures, teachers, health and plans

FOLD: the years of youth, beaten stiff

BAKE: in any moderately good college or university.

TIME IN COLLEGE: four or more years, depending on how you like your finished product

TEMP: plenty hot

SERVINGS: will last for life.

MESSAGE TO THE GRADS

This past year has seen several changes in the faculty as far as student politics go. Three new Specialty Assoc. have been formed and all the Spec. Assoc. have taken a much more prominent role in the faculty. This yearbook is evidence of the activities of the groups. For the first time, the yearbook has been compiled by the Spec. Assoc. rather than the executive of the ESA. The ESA has also expanded its services over the past year and has won more representation of various university committees for Education Students.

If there was one thing I would ask the graduating students, it would be to remember their years in this faculty. You all have a lot you can still give to the future students of this University. Only you can tell just how successful your studies have been over the past 4 years, and it is up to you to help the future students to make program changes so the Faculty of Education can turn out even better graduates.

On behalf of the ESA executive, I would like to wish you good luck in your new profession as a teacher, and we hope you truly enjoy your challenging career.

HI! I AM JOHN PINSENT ...

**AND THIS IS THE BUSINESS EDUCATION
STUDENTS' ASSOCIATION**

We're a proud group of Business Education Majors who like to get together on both social and academic activities. Like most other associations, we believe that having a friend or two during your years here in Education really helps to make life easier. Here's a few shots of us in action:

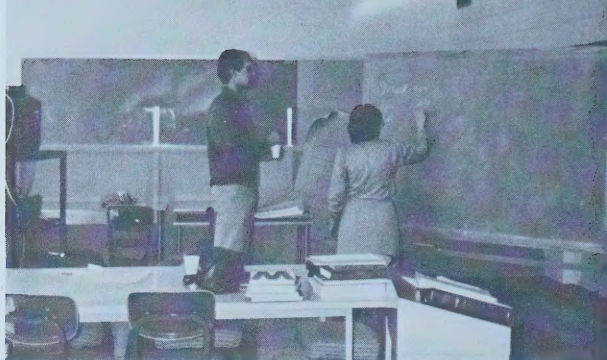

GETTING SOME HELP?

SOCIALIZING

Our "Update" Committee helped to keep us in touch; but how did they work out of this office?!

Dr. Ugelacker, our Faculty Consultant, helped us through the rough times.

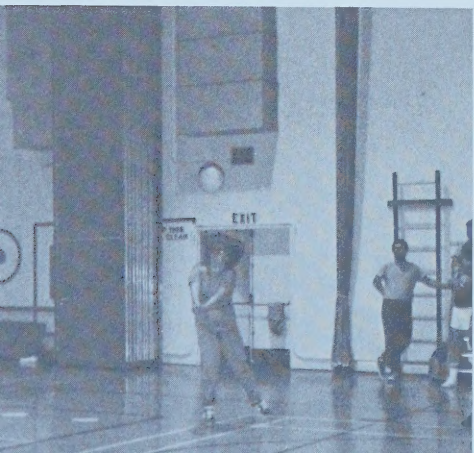

During this year's Education Week, B.E.S.A. had the honor of sponsoring the annual volleyball tournament. Everyone had a super time ... even if the pros took home the trophy!

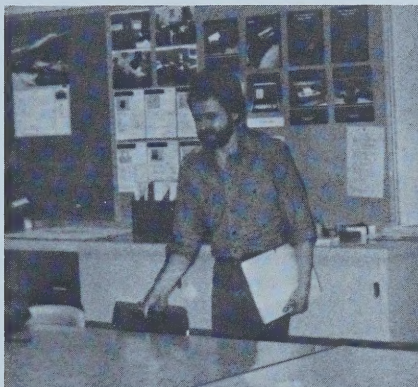

Anyway, here's our proud team. Thanks for the fun times folks.

"Please God, help it over the net!"

Of course, no association can run smoothly without the help of many great people. This year's executive would like to take this opportunity to thank just a few of these B.E.S.A. people.

Thanks Gerry ...

Thanks Joe ...

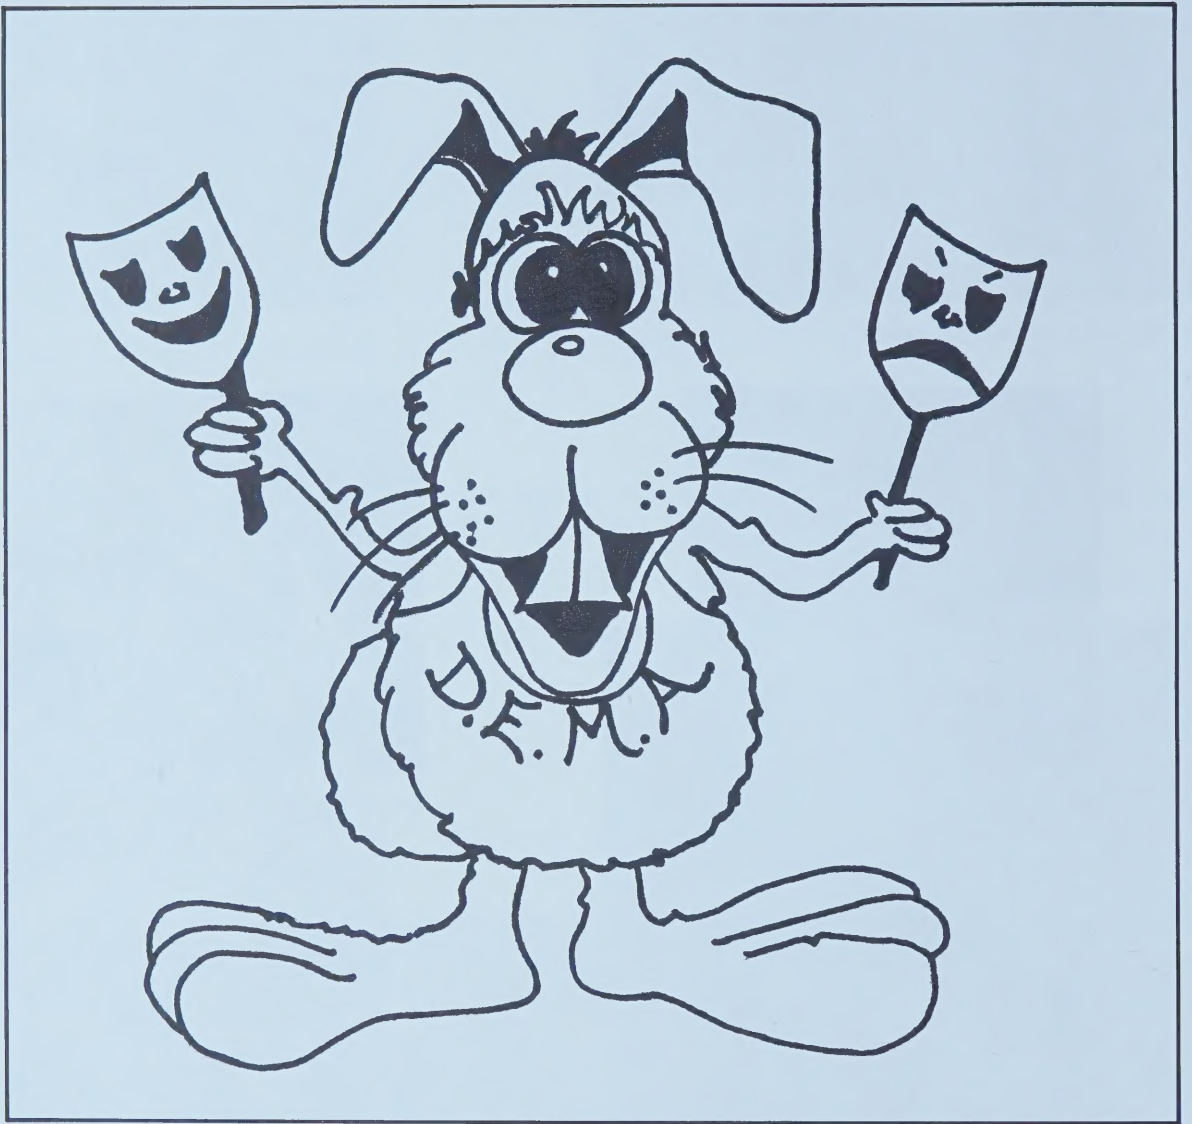

Good Luck Karen ...

and the proud bunch from Dr. Ug's class.

Congratulations to all B.E.S.A. grads. Good luck in those tough days to come. And to those of us who will be back next year, see you in B-71A.

John

WILL THE REAL DEMA PEOPLE PLEASE STAND?

1980-81 DRAMA STUDENT TEACHERS

PRESIDENT'S MESSAGE

DEMA celebrated its SECOND birthday this year. The club is composed of Drama Education majors and minors. This year, we focussed our efforts on establishing ourselves financially and structurally, yet we still managed to provide meetings based on current educational matters, drama skill workshops and social projects. Our famous Haunted House was a great success as well as the bakesales and Christmas Chili Luncheon, all of which I hope become annual events. Remember, we've only just begun.

Barbi L'Heureux

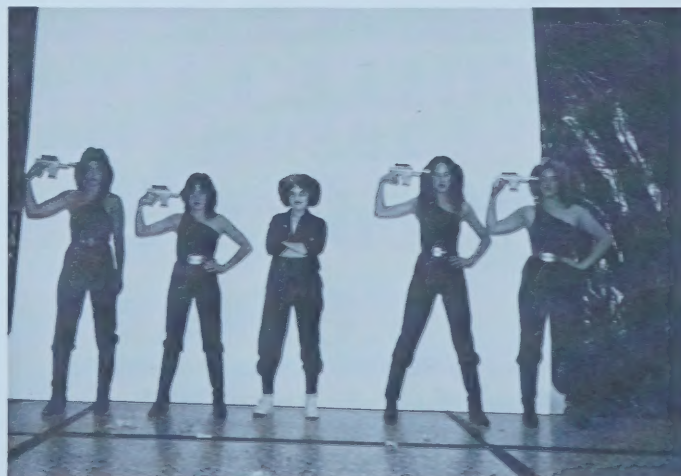

I would like to thank Mary Ann, Ron, Rick, Keith, David and especially Therese, for all the help and support given throughout the year in organizing DEMA.

RON DICK

"We had such a neat time with our mime demonstrations, Haunted House, bake sales and MaryAnn's show - what will we try that's new for next year?"

(Questioning our future.)

"Don't ask me."

"I'll play dead ... NO! ... just in the process of dying."

"I'm sure that no matter what we DEMA people come up with, it will be creative and a lot of fun, so see ya next year everybody!"

EARLY CHILDHOOD

EDUCATION COUNCIL

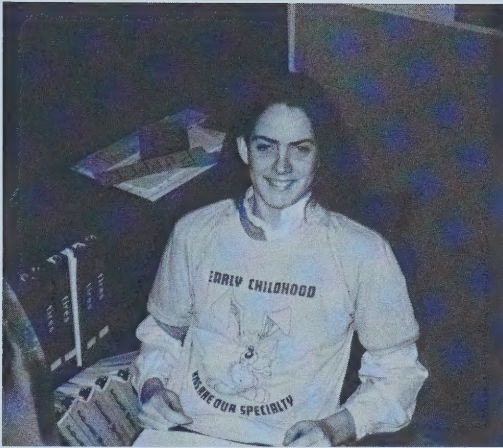

This has been a quiet, but busy year for the U of A Regional. To begin with we became a University club for the first time ... a nice feeling.

We have had only two general meetings with speakers this year, they were both excellent!! The first one was on Storytelling with Mr. Robert Bell from the Edmonton Public Library for our speaker. Our second speaker was Joyce Borman speaking on Dance and its place in the Primary classroom.

Early in the year we had a Friday Afternoon Social. Our special thanks go to Raelene Poulin who organized it, she did a fantastic job. We also printed T-shirts, they have our bunny and the saying ... "Kids Are Our Specialty" ... on them.

We have started a file of teaching materials this year. On that note we had a late ideas book on Nutrition printed thanks to Sandra and Joy.

Thank you to everyone who helped.

THE SPECIAL PERSON

I've got a Special Person
At my day-care, where I'm in.
Her name is Mrs. Something
But we mostly call her Lynn.

Cause Lynn's the one that shows you
How to Squish a paper cup.
And Lynn's the one that smells good
When you make her pick you up.
She smells good when she picks you up.

She knows a lot of stories
And she reads them off by heart.
There's one about a Bear, but I
Forget the other part.

She bit me on my knee once, cause I
Said she couldn't scream.
And then I sent her in the hall,
And then we had Ice Cream.

I guess I'm going to marry Lynn
When I get three or four,
And Lynn can have my Crib, or else
She'll maybe sleep next door.

Cause Jamie wants to marry Lynn
And live here too, he said.
(I guess he'll have to come, but he's
Too little for a bed.)

These individuals as well as many more, including professors felt that Ed. Phys. Ed. people needed a group to identify, socialize, etc. with. To be recognized by Students' Council four individuals were needed to act as an executive - voila! Thus the individuals mentioned above came to fill their positions.

STUDENTS' ASSOCIATION

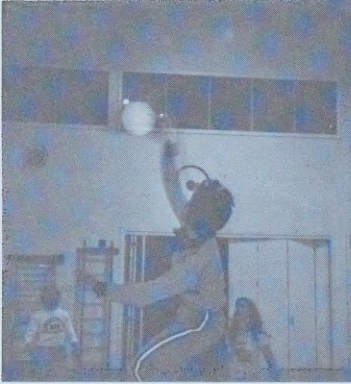

PRESIDENT'S MESSAGE

First of all, I would like to welcome new members to our association. It's about time that Ed. Phys. Ed. students and all interested parties interested in P.E. be represented in the Faculty of Education. We are now one of the largest specialty associations within the Faculty of Education. The larger we become, the more services and events we can offer. But let's keep in mind that participation is the key to any organization. Since we are all just getting started, we must all have patience. Our executive is working hard to improve on services but we need more people to become involved and share the work-load. I am very enthusiastic about E.P.E.S.A. and know that with participation and effort, it has tremendous potential.

E.P.E.S.A.

VOLLEYBALL TOURNAMENT

This was held on Wed., Feb. 4. We entered two teams, and both teams played well and had a lot of fun. E.P.E.S.A. No. 1 won its first match vs. M.E.S.A. and proceeded to the A side of the tournament. The next match, however, was won by A.I.E.S.A. E.P.E.S.A. No. 2 also won its first match, but was defeated in the second one. We would like to thank everyone who played for us.

HEESA

The 1980-1981 year was an active and successful year for the members of the Home Economics Education Students' Association (HEESA). At the general meetings HEESA was pleased to host the following guest speakers: Dr. Lefebvre, Kathy Brown, Sharon Pisesky and Carol McLean. Several HEESA members attended the workshops given by the Alberta Teachers Association Specialist Council. The workshops included such topics as discipline, interior design and ultra-suede.

HEESA members participated in many activities throughout the year; volleyball nights at Windsor Park Elementary, two bake sales, a sleigh ride in January, a Christmas party at Michener Park and a Greet the Grads brunch at the Faculty Club.

On behalf of the executive, we hope that next year HEESA will experience continued success.

PRESIDENT'S MESSAGE

Dear S.E.S.A. Members,

Greetings and congratulations to those of you who have made it through term papers and final exams. By now, I'm sure most of you are enjoying the sunny skies and the summer days.

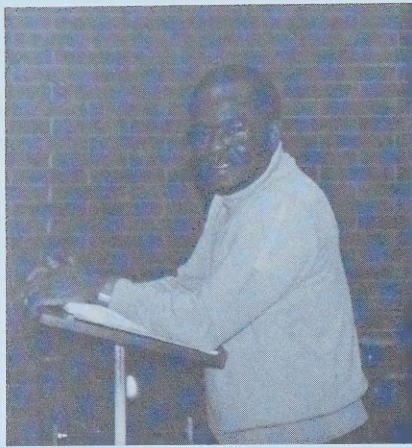

1980-81 has been a prosperous year for the association concerned. Presentations on Resume Writing and Classroom Organization and Discipline were held and were responded to very well. The wine and cheese social and the beer social were well attended and a good time was had by all. Our newsletter kept our members up to date on current events, miscellaneous news, and the video tape library.

For the most part, this year has been successful because of the dedicated staff who have worked hard at keeping the members informed. I trust you will continue to support the association in the fall.

**If you've
got what it
takes...**

ask us about you.

How good is your self image? Are you proud of being a Canadian? Are you concerned about other people? How do you feel about the peace-keeping endeavors of the Canadian Forces in the world today? Are you keen about participation in team sports and team problem-solving projects? Think about those questions. Seriously. They're likely to come up when you apply as a candidate for the Canadian Forces.

You'll probably want to ask questions too. Maybe we'll find we're cut out for each other. And that can lead to a great life... full or part time.

What in the World is happening today?

Sparked by progressive dedicated teachers, today's students are taking an increasingly active interest in the world at large. One way they are getting the information they want is through the classroom use of daily newspapers.

Daily newspapers are serving as a vital addition to the list of resources available to teachers. Within the pages of daily newspapers, there is current information relating to virtually every area of study. Subjects such as social studies, economics, science and geography are brought vividly to life in current news articles.

Newspaper reading also contributes to a child's grasp of language and improves writing, spelling, and English usage skills.

Perhaps most important, newspapers can make children aware of the events and ideas which shape their world, helping them to become informed and participating members of society.

This newspaper offers special educational services to teachers in its circulation area. Teachers not familiar with these services, are invited to write or telephone for complete information.
